NOTES AND COMMENTS.

muzzled and its claws carefully cased in
bandages so that it could do nothing but
roar, which pleased the audience immensely.
The spectacle must have been instructive.
It is typical of a large class of people
that they enjoy doing something
which they can call by high sounding
names but which on analysis turns out to be
very paltry braggadocio. It is playing
to the gallery in the sense that the gallery
will applaud anything. It is the same
way with some eminent personages playing
at "sport." They get animals or
various sorts cooped up where they cannot
escape, then get the gun carefully pointed
in line with the only exit, open the gate,
let out the animals, pull the string, and the
thing is done.

The natives of Lagos have forwarded a memo-
rial to the Colonial Secretary asserting their
loyalty to Her Majesty the Queen, and com-
plaining that the recent strike of police in Lagos
had been misconstrued by the Governor of the
colony as a menace from the population.

The other day a profound limb of the law was
doing its level best to establish the soundness
of an impossible proposition. "The Court is
not with you," said the Judge. "Then," replied
the Barrister grandly, "I have in vain
studied law for the last twenty years." "The
Court is with you in that," was the smiling
retort.

ARE YOU LOSING FLESH?

This is one of the very first steps of disease. It is a warning note. You cannot afford to grow thin. Flesh is strength. If you lose it your blood becomes depleted, and Consumption, Scrofula, Anæmia, or some other wasting disease will follow.

Scott's Emulsion

is a palatable nourishment that assists in forming healthy flesh. It enriches the blood, and overcomes the weak, emaciated tendencies which loss of flesh denotes. It gives vitality. Sold by all Chemists.
